ANNEX OF THE COURSE OUTLINE

Alternative ways of examining a course in emergency situations

Teacher (full name):	Christos Zamioudis
Contact details:	czamioud@agro.duth.gr
Supervisors: (1)	YES
Evaluation methods: (2)	Remote exams via the "EXERCISES" of the E-class combined with simultaneous mandatory connection to the Skype for Business platform.
Implementation Instructions: (3)	<p>The date and time of the exams will be announced by the Secretariat of the Department. The Skype for Business (SfB) link will be provided by the instructor one to two days before the scheduled exam date. Eligible students should ensure that they are connected to the E-class platform. The examination of the course will be carried out via the EXERCISES of the E-class. Relevant instructions will be given and then the access to the EXERCISES entitled EXAMINATION TOPICS-DATE will be opened. Topics will include MULTIPLE-CHOICE SINGLE ANSWER QUESTIONS and/or MULTIPLE-CHOICE MULTIPLE-ANSWER QUESTIONS and/or MATCHING QUESTIONS (MATCH) and/or CORRECT-FALSE QUESTIONS. The time the students will have at their disposal will be on average 45 seconds for each question. In any case, it is up to the student to distribute the time as he/she wishes. The system will shut down automatically once the examination time is completed; after that, there is no possibility to submit the EXERCISE. Therefore, students are kindly requested to submit the EXERCISE on time. The available time is visible at the top of the EXERCISE page. When the attempt is completed, the EXERCISE is submitted by selecting "submit" at the bottom of the query page. Attention: there is only one attempt and there is no possibility of cancellation and restart. The SKYPE microphone remains muted throughout the exams; if there are questions or problems, the students are suggested to use the SfB chat. In order for the student to participate in the exams, he/she must read and accept the terms of his/her participation in the examination process. This can be done through the page https://students.duth.gr and from the menu "Service", by going to the option "Participation in the next exam period". The instructor will then attach before the examination date the list of student AEMs who are eligible to participate in the exams.</p>

- (1) Please write YES or NO
- (2) Note down the evaluation methods used by the teacher, e.g.
 - *written assignment* or/and exercises
 - written or oral examination with distance learning methods, provided that the integrity and reliability of the examination are ensured.
- (3) In the **Implementation Instructions** section, the teacher notes down clear instructions to the students:
 - a) in case of **written assignment and / or exercises**: the deadline (e.g. the last week of the semester), the means of submission, the grading system, the grade percentage of the assignment in the final grade and any other necessary information.

b) in case of **oral examination with distance learning methods**: the instructions for conducting the examination (e.g. in groups of X people), the way of administration of the questions to be answered, the distance learning platforms to be used, the technical means for the implementation of the examination (microphone, camera, word processor, internet connection, communication platform), the hyperlinks for the examination, the duration of the exam, the grading system, the percentage of the oral exam in the final grade, the ways in which the inviolability and reliability of the exam are ensured and any other necessary information.

c) in case of **written examination with distance learning methods**: the way of administration of the questions to be answered, the way of submitting the answers, the duration of the exam, the grading system, the percentage of the written exam of the exam in the final grade, the ways in which the integrity and reliability of the exam are ensured and any other necessary information.

There should be an attached list with the Student Registration Numbers only of students eligible to participate in the examination.
